HANDS-ON IT EXPERIENCE (Personal / Home)

- Performed basic troubleshooting on home computers and network issues
- Extended home Wi-Fi coverage by setting up and configuring a router to improve signal in areas with weak connection
- Diagnosed connectivity problems and restored internet access for household devices
- Assembled and disassembled desktop computers, including installing and replacing components

EXPERIENCE

Finance & Insurance Intern

August 2025 - December 2025

Toyota Marilao, Bulacan Inc.

- Encoded and updated financing data into the TFS (Toyota Financial Services) system
- Organized and digitized financing documents, including sales invoices and credit advice, to streamline record retrieval
- Prepared and processed loan forms (PNCM, ADA, TFS) in accordance with company procedures
- Filed and labeled financing records; coordinated routing with the Accounting Department

EDUCATION

Bachelor of Science in Information Technology (BSIT)

2022 - 2026

Pamantasan ng Lungsod ng Valenzuela

PROJECTS

SmartBarangay - Capstone Project

- Designed and developed a web-based barangay management system using PHP, MySQL, HTML, CSS, and JavaScript
- Digitized core barangay services, including permit and clearance requests, complaint filing, venue reservations, and borrowing of chairs, tables, and tents for events
- Implemented secure user authentication and role-based access control to manage different user types
- Integrated SMS notifications to keep residents informed of their request statuses in real time
- Repo: github.com/jhomzss/smartbarangay

Personal Portfolio

- Built a personal portfolio website using HTML, CSS, and JavaScript, featuring an interactive project showcase
- Live at jhomzss.github.io/portfolio

NyitikShop

- Developed a static e-commerce site for gaming peripherals using Django

HOLLOW

- Currently developing a grey-boxed, 3D psychological horror game in Unity
